Jerry could be a complicated man but he was also a very simple man. He believed in family. He was always concerned about me and his grandsons Dyllan and Matthew. He loved his grandsons a lot. My dad loved music (old country) and played the guitar which bring some of my greatest memories of him. He had a good sense of humor and was always making jokes and being goofy. When my sons were young, Grandpa and Matthew and Dyllan played with a fart machine. Oh my god they had too much fun with that thing. He was so proud of his son Keith and his military career. He was equally proud of his granddaughter Jessica joining the USAF and his grandson Bryan joining the USAF. In the end of all of his concern's in life, he wanted his children and grandchildren to be safe, happy and taken care of. I love and will miss my dad, it was a privilege to nurse and care for him these past 8 months. Dyllan put his school on hold to be home and care for grandpa. I will always be grateful for Dyllans willingness to help care for grandpa. Matthews willingness to help care for grandpa was equally inspiring also. Dad loved his mom and dad and missed them a lot. I am at peace knowing he is back with grandma and grandpa, he talked about when he would be back with them and I know he is happy. Corrina Marie Puffer-Curzon
