Dear Michael aka SGT AJ, Thank you for being a wonderful a person, soldier, and friend. It was always blast talking with you about anything ranging from music, android software, or future career opportunities. You had a great sense of humor that was always refreshing during our tumultuous days in Hawaii. There are two items I want to honor you for. First, I want to honor you for your encouragement. I told you how I wanted to eventually dive into the IT industry; you only had positive things to say and even gave me some pointers. In fact, you were the master technician of our equipment, and we definitely missed you and your expertise when we went on deployment. I will tell you that my desire and drive to dive into the IT sector is still very alive and well, and I gladly give you some of the credit for that. Secondly, I want to honor you for being "real". You had no problem speaking your mind. As a younger adult and a junior soldier, that is something I significantly respected and continue to do so. I am praying for you, man. Until next time, Joe

Michael. I love and miss u. It shocked me soo much that u are no longer with us physically. But always in our hearts. The beautiful thing is that we will always cherish the memories that we can still hold on to. I remember us little and sharing holidays together and u playing ur electric guitar . U were awesome at it by the way. I remember us being at school together at Rio Linda and everyone asking me is Devika and Michael ur Cuzins. I said yep they are. Since ur in heaven now give a big hug to uncle Aj for me. And also a big hug and kiss to my mama patty. I'm sooo proud of all ur accomplishments and also was happi to hear that u had become a daddy. I will see u when I get there in my time... I love u Cuz michael. 😭😭😭

Michael was a wonderful friend. I will never forget his laughter and sense of humor. We used to skip school together to smoke cigarettes and go to taco bell then go hide out at your house laughing the whole time thinking about the security guard running after us as we zoomed out of the parking lot. I will miss you my friend may you rest in peace.

I don't know what to say bro. We love you and we will miss you everyday. I hope you have found the peace you've been searching for. So many memories between a brother & his sister. We won't be able to debate professionally as only us Ajitsingh's can anymore. No more laughs, doing our weird quirky mannerisms together, no more using each other as a punching bag. It took us 20ish years but in the end we became best friends again like we were when we were little. I will always find solace in that. Love always, Your sister
