Daddy Loves and Misses You
Written by: Micheal Velasquez
Hey kiddo, It's been over 4 years since you went away and i miss you as much as i did the day you left us. You came into our lives and made such an impact on everyone that came into contact with you. You were like a divine gift to this world and were to good for this place. I haven't been able to get right since you left. I'm trying my best to be strong for your memory and for your lil sister Alex, but I'm failing kiddo. I've never felt so alone and hurt so much since you left. I feel like i failed you, your Mom and Alex. I tried my best to be strong for you. I wasn't a very good person most of my life, but you made me a better person. You and Alex were the best thing that ever happened to me and also the best things i ever did. I would give anything to hold you one more time, smell your hair, feel your warmth, hear you laugh, see you smile, get you chips and cheese. I'm a broken old man now. I can't hold down a job, i can't sleep all i do is think about and miss you. I love you so much and I'm sorry i couldn't trade places with you. I love you with all my heart. I talk about daily, to whoever will listen. You will NEVER forgotten. Daddy loves you so much...

Aunties baby girl. My first niece. You taught me so much about being an auntie. You were the first person to call me auntie and wow I miss hearing you say "hi auntie" when I walk into the room. I love you so very much. Dance with the angels baby girl.
