Gary, it was an honor to know your mother. Just know it's never easy losing someone you love, but the one thing you can be thankful for is the time these past 5 years you have had with her. I can tell you without a doubt she loved living with you and Anna. I remember on our drive from bingo going back to your home, she spoke of how much she was grateful for you. She said you were always worrying about her and that she never had anyone before caring about her, and had said that she was the one who was always worried about all the rest and so it felt good to have you and Anna care about her. You and Anna can surely hang your head to the highest. You will never have that feeling of wish I had done more for my mom as both you and Anna have done more for her than you know. There will be those who will say " wish I had taken my mom, grandma, aunt, sister, cousin out and done more with her, you will never have to say those words. You did everything and more for your mother and I personally say good for you, what a good son you are and that's what it's all about. You will now have many memories to hold onto, not everyone can say that. So sorry for your loss and I hope these words will sooth the pain a little. Your friend, Lynn Parkman
