This beautiful green candle represents healing power. Please, God, heal Franks spirit as he transitions from human to spirit form. Free from pain, weakness, heartache, and other human suffering conditions. Place your hedge of angels around him and cocoon him, hold him Lord to your bosom until his soul is nourished and refreshed. Amen.

When I first met Frank, he goes all serious on me and says, "so, what are your intentions to my son?" Bewildered I looked around the room of people for help... He asked me the same question again. I must have had question marks floating above my head—and then he just starts snickering and laughing with his precious pup laugh. It was then that I realized I was the butt of a joke. I didn't laugh then, but I sure do now! What a joker Frank was!!!
