, fully immersed in the runate, within the Bunaken marine park you'll do amazing dives, and you're gonna see the most colourfull fishes. You'll dive with some very professional guides, they are very talented and passionate in their work. Since I'm handicapped I was a bit worried about the dives, but I must say Pim has been great! After a couple of dives to check out how to manage the situation everything went smooth! He helped with my gear, he swam for the two of us and he didn't forget to look for all those tiny creatures, camouflaged fishes Sometimes it took me a bit to focus on what I had right in front of my eyes!! I'll never forget the close encounter with a giant turtle I wanted so much to see Not to forget are all the strong men who works on the boats; they are always ready to help you, they change your tank and check your gear as soon as you get into the boat then they offer you some fresh fruits, lovely people!The food is very good, you can eat a super continental breakfast a la carte, you can choose from scrambled eggs with bacon to pancakes with pineapple delicious! For lunchdinner you have different types of fishes everyday (remember the sunday BBQ!!!), always cooked with fresh vegetables! And if you don't want fish there's always a meat alternative. You must also check the jungle restaurant up in the hill, but if you cannot because of a wheelchair they will be happy to cook whatever you prefer and serve you at your usual table in the restaurant.For my stay in Minahasa I was honored to have a personal assistant a nice guy who helped in every movement around the resort, he was always ready to take me to the restaurant for dinner, back to our room or the pool he was very helpful as everybody there, they all are willing to serve you the best they can, and they totally succeed!!!You don't need to think about nothing, they have everything you need, and I mean everything! The room is very spacious, super clean, fully accessorized, with your own private veranda luxury!All you have to do is take a plane and fly to Minahasa Lagoon, they will take care of you for a very special holiday.I really hope to go back again, I love that place and the good hearted people there.

You have a wonderful web site, and all your dogs are so very biufteual. I particularly enjoyed your article about Being an individual , our lovely girl, Penny is nine months old and so nervous of everything, people ask me if she was a rescue dog, despite the fact that we have spent a lot of time socialising her from 8 weeks old. It's hard when you know she is so great and other people see her as having problems . Your words have made me see Penny's issues in a completely different light, because it is just her nature', and we love her so dearly regardless. My husband and I are considering another puppy, but are thinking in the future when Penny is older, and despite the distance, would certainly love one of your puppies, if accepted. I love all things labrador, but your site and knowledge is a cut above. Thanks so much.I also read your tribute to your Jade, which made me shed yet more tears for our old girl who died last July, it was very moving.
