I just found out that Lynna past away. I had the absolute pleasure of working with her in the school setting. She loved the children, and she'd often stay after work so we could laugh and cry about the happenings of the day. I loved how she'd respond to the children. She was kind, clever, and of so fun! Working together in the classroom setting was always interesting, definitely never boring, and always full of love. So many stories we'd tell and retell over the years! She was so special to the children as well. Oh.....and she'd talk about her husband, son, and grandchildren with so much tenderness. If there's a heaven, she's there...making people laugh... and making people feel loved and appreciated. ~Wendy

I will miss Lynna's contagious laugh the most! I will miss seeing her at all Jbeily family functions and when she didn't make it to some we still got to see Missy except one time when Mo said Missy was grounded.. I will always cherish our lunch dates to our favorite places Sakura and Taste of Tuscany. So much to miss about Lynna the list can go on and on! May her memory be Eternal

Lynna was very young when I remember seeing her in Clovis at our Grandmother Lofton's house. I have always been sorry that I missed seeing her & that part of the Lofton family, when my husband, Roy, & I (years ago) traveled through California to see relatives. I always felt I would have been blessed to know them. I always loved Uncle A.P. & Aunt Ruth even though I rarely was able to see them.

This will sound funny but I met Lynna at the dog park. Everyday both of us would take our furry friends there so that they could run and play. During this time we became friends. I will always cherish the talks, laughs and friendship that we shared. She is greatly missed.

I always loved Lynna and really am glad we got to meet you, Mohammed when you two visited in Clovis area. I remember how much my dad, Ray Lofton enjoyed visiting with you. I know it's been a long time, but my heart remembers Lynna with such a tender love. Praying for you all in your coming days, weeks and months without her.

**Vic Harrington** posted:

I remember her as a small child and only rarely after that. We rarely saw the family after the move to California in about 1952. I remember a visit to the farm in about 1958 and then not all until a visit to Clovis sometime after 2005. I remember being surprised she was so tall. Our prayers and sympathy are with the family!
