Got to know Janice while working at Mercy Xray, we had some good times. She was a spit fire for the Lord, for others. I'm sorry to hear about her passing, keeping her daughter and family in my prayers.

David Del Pizzo posted:

I am deeply saddened by the passing of Janice. As many know, Janice worked at UC Davis Health as a scheduler in the department of radiology since 2007. What many may not know is what a monumental impact Janice made to our department and our patients. Janice was recognized countless times for her compassionate care and devotion in helping our patients get their imaging exams on time. She made such an amazing difference to our team through her positivity, beaming smile and her distinctively genuine and caring tone in her voice. I can not express enough how grateful I am to have worked with and known Janice. I only hope that I told her "THANK YOU" enough for all she did and for how much she cared for all of us in Radiology. We miss you! . David Del Pizzo
