Memes,, we went down to Riverside for a Board conference meeting at the infamous Mission Inn. There were 4 of us from Admin that went to sign up for the tour after day 1 of conference. The head coinceinge was a young Latino fella who just melted when Lupe called him mijo.. He grabbed her hand and hugged her while telling her she reminded him so much of his abuela. He proceeded to take us personally on a behind the scenes tour of the Inn which included the secret secluded house on the roof used by celebs to the catacombs within the OLG Chapel. After being blessed with an amazing excursion because of Lupes freindometer. We all laughed and told her we were going to take her on all of our trips for her friend-o-meter looks 😊 Love you my friend. Via con Dios 🙏😊
