**I**n Loving Memory of Matilda Abila October 7, 1933 – January 13, 2026

Matilda Abila, beloved mother, grandmother, great grandmother, aunt, sister, and friend, passed away peacefully on January 13, 2026, at the age of 92. Born on October 7, 1933, Matilda lived a life filled with laughter, music, and an unwavering love for the people around her.

To know Matilda was to know joy. She had a gift for humor—her quick wit, playful teasing, and perfectly timed jokes could brighten even the heaviest day. Her laughter was unmistakable, and her presence made every gathering warmer, louder, and more memorable.

Music was the soundtrack of her life. She sang every single day, filling her home with melodies that reflected her spirit—vibrant, soulful, and full of heart. Ray Charles was her favorite, and his songs brought a smile to her face. Food was one of her love languages, and she delighted in feeding others, turning simple ingredients into dishes that brought people together.

Proud of her Puerto Rican heritage, Matilda carried her culture with her everywhere she went. She shared stories, traditions, and flavors with her family, ensuring that her roots remained strong across generations. Her pride in her family was immeasurable; she celebrated every milestone, supported every dream, and loved without hesitation.

Matilda had a tender, generous soul. She was thoughtful in ways both grand and quiet—offering a listening ear and giving without expecting anything in return. She read everyone's horoscope with enthusiasm, convinced that the stars held little messages meant to guide and amuse the people she loved.

Her legacy is one of kindness, humor, music, and deep affection. She leaves behind a family who adored her and countless memories that will continue to bring comfort and smiles for years to come.

This one hurt 🙏, she was the highlight of my work days, Just to hear and see her inspired my day, made the time fly by. I wanna say my first days at work she tested my thick skin lol. She said I have a method to my madness, very particular and get with her program 😊or get lost! I loved her feistyness yet the softness in her heart! Her Alexa playing all the jams and when we'd play song thinking out loud she'd sing with her heart and our eyes filled with tears! She had sooo much life in her even on her tired days she'd be full of jokes and good spirits. "Different strokes for different folks" she's say! I enjoyed all her stories she'd share with me all about her kids!! She loved them all dearly! She told me to play her niece on you tube the one that sings. She was very considerate and caring! She definitely left a mark on my heart! She loved her hot teas over a good talk! Silly Tillie I'll never forget you Puerto Rican Queen! God got him one of the coolest strongest angels! 😊 we love you and will miss you! Sincerely UA

My grandma was a strong woman. Many stories of her were shared. My favorite memory of her was when me and her went to the mall. She saw the store Tilly's and I immediately told her, "look, it's a store named after you!" She was so excited and told me to take a picture in front of it. I'll never forget that day as she so happy that a store was named after her. I miss you, I think of you all the time. No matter what happens, nobody and nothing can change how much love I hold for you.

This is my mother Matilda "tillie" she is loved very much by family and friends. She will be greatly missed. She was a caring and friendly person who would always help when she could. She loves to crack jokes and listen to music. I remember when me and her would go to Costco for pizza every Sunday after she got off work. I love you forever and always mom. ❤️
